ENCLOSURES 4

SPARE COPIES

Accounts - Resettlement register - South Kanara - Specimen form - Submitted for approval.

*****

I submit herewith for favour of approval a specimen form of the resettlement register heading and inner sheets (enclosures A and B) to be adopted for all the taluks of the South Kanara District.

2. (i) It has been ordered by the Board in paragrapn 4 of its reference F.No.5172-32-1 dated 29th November 1932, that a copy of the corrected land register (for non-resurvey areas) and of the corrected fair adangal (for resurvey areas) handed over to the Revenue Department may be printed as the diglott register. The forms of the land register and the fair adangal are, however, not exactly alike. Enclosure C is the form of the land register (approved by the Board in the above reference) and enclosure D is the form of the fair adangal. A comparison of the two forms shows the following variations:-

Land Register.	Fair Adangal.
(1) Column 4 is 'Government or Inam'.	No column has been provided for the terms 'Government or Inam'.
(2) There is no column for single crop or double crop.	Column 5 shows whether single or double crop.
(3) Column 6 is 'Dry or wet group'	There is no separate column for this.
(4) No column for the names of Mulgenidars has been provided.	Column 12 gives the names of Mulgenidars.

(ii) Government or Inam. — There are no inams in the taluks of Kasaragod and Puttur. In the three northern taluks only one village each has inam lands. Out of the 799 villages in the district only a dozen altogether contain inams and the total number of inam lands does not exceed 120. It is for consideration, therefore, whether there should be a separate column 'Government or Inam' in the resettlement register and whether the entries 'Inam' in the remarks column and 'T.D.' (title deed) prefixed to the patta number in the previous column will not suffice to distinguish inam lands. I submit that a separate column is unnecessary but as it does not appear to have been the practice so far in any district to write 'Inam' in the remarks column of the resettlement register I have provided a column 'Government or Inam' in the form now proposed. If the Board agrees in the view that it is unnecessary, it may be omitted and the terms 'T.D.' and 'Inam' ordered to be entered in the penultimate and the last columns of the register respectively.

(iii) Single crop or double crop. Wet lands are of 3 classes in this district: I to III and only the II class is registered as either single or double crop. An additional column will therefore serve only some of the wet lands and there is really no need for it as in the column giving the description of the land as wet the information whether it is of single or double crop can very well be furnished, thus: 'W-II-1' or W-II-2'. No separate column is therefore provided for this in the form proposed.

(iv) Dry or wet group. A column for dry or wet group has no place in the body of the resettlement register which is intended to exhibit particulars of individual fields and not of groups of fields or the whole village. The information is given in the descriptive memoir and there is no need to repeat it against each field. The form proposed does not therefore provide a column to indicate the group.

(v) Mulgenidars. The question of registering the names of Mulgenidars is dealt with in the correspondence between the Collector of South Kanara and the Board recorded in B.P.Routine No.2012 dated 27.4.26. As they are not to be shown in revenue accounts, no column

is now proposed for recording their names.

para 5 e.f 3. Form proposed. In the form proposed (enclosure A) there are 13 columns; if the column 'Government or Inam' is omitted there will be 12. Column 1 is given the alternate heading - ~~Resurvey Number~~ Survey Number to suit both resurveyed and non-resurveyed villages. In column 12, the word "Manager" has not been used as para 15 (e) according to B.P.Mis.No.1142 dated 31.5.1919 only the name of the institution has to be entered. In the heading of column 14 (remarks) is usually seen the direction 'here enter the nature of poramboke and unassessed'. I have omitted it as it need not appear in the printed register. Moreover particulars not connected with poramboke or unassessed may also have to be entered here. In the case of entire small fields formed from waste blocks now converted into subdivisions for instance, it has been ordered in paragraph 2 (vi) of Board's reference G.4564-34-2 dated 2.10.34 that the survey or subdivision number in which such fields are merged should be noted in this column.

4. If the Board is pleased to approve the proposed form I request that the Superintendent, Government Press, may be requested to print and supply me with 1000 heading sheets and 1,98,000 inner sheets.

5. I presume that a descriptive memoir has also to be prepared as part of the Diglott register as in Malabar. If my presumption is correct I shall submit a specimen form of descriptive memoir for approval. I presume also that a detailed list of the names of joint registered holders should be prepared and attached to the Manuscript Diglott Register.

Sir,

Settlement - Resettlement - form of resettlement register - remarks offered.

Board's reference F.No. 4401-34-1 dated 16-11-34.

I submit the following remarks on the specimen form of the resettlement register heading to be adopted in South Kanara, submitted by the Special Assistant Settlement Officer in Charge, Party No.III, Mangalore, direct to the Board with his letter No.A2-3356-34-1 dated 1-11-34.

2. Column 4: - The inam lands in South Kanara are those held by the Churches and confirmed by the Inam Commissioner in his R.C.No. 879 of 1913 dated 2-2-15. This column is not required. In the few cases a note can be made in the remarks column.

Columns 6 & 7:- These may be clubbed into one, headed "class and sort of soil" and the clubbed column may be numbered as 5.

Column 5 may be renumbered as column 4 and columns 8 to 13 as column 6 to 11.

Column 11 as renumbered:- This column should give the particulars enumerated at page 4 of the Revised forms of Village accounts for South Kanara under "Permanent Register A". The Board has further ordered in para 2 (vi) of its reference G.4564-34-2 dated 2-10-34 that in the case of small fields formed from waste blocks and now converted into subdivisions the survey or subdivision number in which such fields are merged should be noted in this column.

3. The descriptive memoir and the detailed list of the names of joint registered holders are also necessary under para 18 of the Redraft of the Resettlement Manual Section II issued in B.P. 77 Press dated 7-9-31.

4. This office file D.Dis. 5006-25 containing this office letter R.O.C. A2-5006-25 dated 23-4-26 to the Board and B.P. Routine 2012 dated 27-4-26 is submitted for perusal.

Your obedient servant,

For Collector.

The Supt. Govt. Press is requested to print and supply the S.A.S.O. in ch. of No. III Party Mangalore with 10c copies of the ~~forms of Record of Assessment Register~~ Land Revenue Register and 1,98,000 (one hundred and ninety eight thousand) copies of the nine sheets in the forms appended to these proceedings.

2/- ~~The Board submits~~

A copy of the form of Resettlement register for S. Kanara as approved by the Board is submd. to Govt. for information. The form differs from the standard form printed as ~~Appx.~~ XXX III to Section II of the Resettlement manual

in the following two particulars and the reasons for the deviation are explained below.

(1) Col. 3 in the standard form with the heading "Government (G.) or Inam (I.)" has been omitted. This was done on the representation of the S.A.S.O. that there are inams only in a dozen out of the ~~inams at all in two taluks~~ whole 799 villages in the district and that ~~in the remaining three taluks~~ only one village in each had inams, the total number of inams lands in the district not exceeding 120. He suggested that in the circumstances a separate column was unnecessary and that it would be enough if the word 'Inam' was entered in the remarks column against the inam lands. The Coll. supported the S.A.S.O's suggestion and the Board accepted it. ~~50~~ (D) ~~245~~

(2) Col. 5 of the standard form with the heading "If double crop rate of ~~composition~~ consolidation or composition" has been omitted and the heading of col. 4 has been amplified in the case of wet lands in the following manner

"Wet (W) I, II (Single

crop or Double crop) III". The alteration is due to the fact that in S. Kanara wet lands are placed in three classes I, II & III. The S.A.S.O. stated that as only lands in class II were registered either as single crop or double crop, an additional column to show double crop lands was unnecessary and that ~~double crop lands~~ the information whether a second class wet land was single crop or double crop could very well be furnished by using the symbols "W-II-1" or "W-II-2" in Col 4 of the proposed form. ~~Does~~

As the rate of competition for double crop lands is uniform throughout the District viz $1\frac{1}{4}$ times the single crop assessment there is no need to give the information in ~~under the Col in question~~ the body of the digest register.

p 6 c f The S.A.S.O. has proposed
the heading Resurvey Number

heading may perhaps be slightly
altered as below:

p 5 c f ii col 4 - 'Govt. or Inam'.

The S.A.S.O. states that
p 20 c f there are no inams at all in two
talukas while in the three re-

manning talukas only one village each has inams – the total number of inam lands in the District not exceeding 120. He requests orders whether for the sake of these few inams a separate column headed 'Govt or Inam' is necessary and whether it will not suffice to enter the note 'inam' in the remarks column of the Register. The Collr states that these are the inams held by the churches confirmed by the Inam Commissioner in his RC 879/1913 d. 2-2-15 i.e. subsequent to the original settlement of the Dt. He agrees to the entry of the remark 'Inam' in the remarks column. As observed by the S.A.S.O. it is not however the practice to enter the term 'Inam' in the 'Remarks' column. For orders. If the heading is to be retained it should be altered into 'Ryotwari or inam' following the change ordered by Govt.

of irrigation in this district. The wet lands are divided into three classes and only the II class is registered as single or double crop. All double crop lands are charged at a uniform rate of 1½ the single crop assessment. To suit the changed conditions of this district the S.A.S.O. proposes to use the following heading

register approved in the case — 43 of (P) 28-2-30
of the Godavari & Kistna Dts the
words 'or of the institution to
which the land belongs' is not
found. As the name of the
institution can be entered against
the heading 'name of the regis-
tered holder' it seems that
the words 'or of the institution
to which the lands belongs' are
unnecessary. For orders whether
the S.A.S.O. may be asked
to state whether the entire
clause may not be omitted.

(vi) col 13 — Remarks — The — p.15 of

in which small fields formed out of waste blocks are now merged. There are instructions for filling up the body of the Register & have nothing to do with the heading of the form. It seems enough if a copy of the Collr's remarks is forwarded to the S. A-S-O.

22/12/34 9.12 8.12.34

(viii) The S. A. S. O. states that he has provided no column for showing the dry or wet crop for the reason that the body of the register is intended to give particulars of individual fields and not of groups of fields or of the whole village and that the necessary information will be ~~given~~ given in the descriptive memoir.
